HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,* PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD, Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly,

E. D. FENDALL.

CAUTION.

Hoofland's German Remedies are counterfeited. See that the signature of C. M. JACKSON, is on the wrapper of each bottle. All others are counterfeit.

Extract from Report of Farmers' Club, N. Y. 1867,

"WASHING MACHINES.—Wm. D. Osborn, Port Byron, Cayuga county, N. Y., asks: 'Will the Club give us its opinion of Washing Machines? Is it economy to pay fourteen dollars for one of Doty's machines? Will it wash farmers' clothes clean, and not be too hard work for the women? Washing machines have so generally proved failures that I am afraid of throwing away my money upon one.'"

THE WHITE MAN'S PARTY.

Raise high the white man's banner—
Let it float upon the air;
Fling to the breeze the honor'd names
Of Seymour and of Blair—
Of Seymour who the statesman is—
Of Blair, the hero bold,
And let the laurel wreath surround
These blazoned words of gold.

CHORUS—Then, comrades, join the column;
March onward to the fight
Beneath the white man's banner—
The laurel and the white.

With names like these to conquer with,
A people may be strong
In vindicating every right—
In crushing out each wrong.
Let, then, all free-born patriots
Join with a brave intent
To vindicate our father's choice—
A white man's government.

Then, comrades, etc.

No mendicant or negro rule
For men who truly prize
A heritage of glory from
The great, the true, the wise.
Let Grant and Colfax fight beneath
The flag of sable hue;
A nobler banner we will raise
And nobler deeds we'll do.

Then, comrades, etc.

THE CHARACTER OF THE UNION PACIFIC RAILROAD.

While every person who has followed the progress of that wonderful undertaking, the Union Pacific Railroad, has marvelled at the unparalleled rapidity with which it has been constructed, some have felt skeptical as to the *character* of the work which was being done with such apparently *headlong speed.* Was it possible to build seven hundred miles of railroad in two years, and do it well? Could a railroad from New York to Chicago be well built in two years' time? And if not here, where all the appliances needed were at hand, or could be obtained *at a day's notice,* then how much less in a region beyond settlement, beyond civilization, and where laborers, supplies, tools, and all else, except the land upon which the road was built, must be transported hundreds of miles before reaching the spot where they were wanted. In short, the question, "Is the road well-built?" has been the one for whose satisfactory solution many have waited before investing their means in the Company's securities, which are liberal in their provisions, and safe beyond peradventure, *if* an affirmative answer to this question can be fully established.

Upon this point we must take the testimony of personal witnesses, who have been upon the ground and examined the work. Fortunately, an opportunity has just been afforded and improved for a full inspection of the road and its belongings, by a party of gentlemen who represent *the reading* and thinking people. Thirty gentlemen, representing many of the leading journals of the eastern cities, have just returned from a trip which included over seven hundred miles of the Union Pacific Railroad. They had a special train at their disposal, to stop where they wished, to run fast or slow as they might desire, and which gave them far better opportunity to see both the good parts of the road, and the bad ones—if any exist—than the ordinary traveler by regular trains *These witnesses are men of judgment* and discrimination, and their personal characters, as well as the names of the journals which they represented, are guarantees that they write only what their convictions dictate. Let us see what some of these gentlemen say of *the character of the Union Pacific* Railroad:

Hon. Charles A. Dana, of the New York *Sun*, late Assistant Secretary of War, says:

"A party of thirty gentlemen * * * have just returned from an excursion to the present terminus of the Union Pacific Railroad at the Rocky Mountains. Their unanimous opinion is that the road is constructed in the most thorough and solid manner, and that it is superior in firmness, smoothness, and capacity for rapid running, to any other new road which they have ever seen. This is true *of the parts of the track which were laid only* the day before the excursion train passed over them, as well as those at the eastern end of the line which have been in use for some two years. The work is well done, both as respects the judgment with which it is laid out, and the thoroughness of its construction; and there is no part of it which could, under the circumstances, be better than it is; all reports to the contrary are erroneous and mistaken."

The editor of the Boston *Traveller* says:

"It is built in the best and most substantial manner possible, and will compare favorably with any other road in the United States. For a new road, I do not remember ever having traveled on its superior. * * * The road is ballasted, and except in seasons of extreme drought, must be comparatively free from dust. * * * Few of the old roads of the country are so easy to ride over as this new one."

The editor of the Philadelphia *Bulletin* says:

"So far from imperfect and superficial workmanship being put upon the road, everthing indicates a determination that the work now done shall be as durable as human ingenuity and enterprise can make it. The workshops, engine houses and other structures at Omaha, Cheyenne, North Platte and Laramine, are all *handsome* stone and brick edifices, that will last without repair or reconstruction for generations; while the road itself is as solidly and substantially built as any railroad in America. * * * In short, the closet scrutiny has failed to detect any signs of hasty or imperfect *construction.*"

The editor of the New York *Express* says:

"Firm, solid, substantial, we have now as fine a track as can be found on almost any road in the country, while the traveling accommodations are full of ease and comfort. * * * A visit to the wilds of the Rocky Mountains will convince the traveler that the Pacific Railroad is neither a myth nor a Brummagen affair, gotten up for purely *speculative* purposes."

The editor of the Boston *Transcript* says:

"*The Union Pacific is a first-class road*; finely graded, thoroughly tied, well ironed and ballasted, and substantially bridged."

The editor of the Baltimore *American* says of the Road:

"It is well and substantially built and ballasted, and rides more easily than two-thirds of the roads east of the Mississippi."

And again he speaks in the following unqualified commendation:

"I must reserve for another occasion some remarks upon the character of the road, its financial basis, present business, and future propects. But it is proper to say just here *that the rumors that have been put afloat at* the East that the Company is a party of speculators, putting down a rude and poorly constructed road, that will be useless, or nearly so, when completed, is a falsehood that could only have been deliberately concocted and *put in circulation for reasons which would not* bear examination. The road is a good one, well and solidly laid, with heavy rail, and twenty-six hundred cross-ties to the mile, over which the cars travel with remarkable smoothness, and the equipments, station-houses and work-shops of which all show that it is being built for use and not speculation."

The editor of the New Haven *Palladium* says of the most extensive and difficult bridge upon the route:

"It is counstructed with admirable skill, and is capable of bearing a weight forty times greater than will ever be placed upon it. * * A careful examination of this magnificent structure convinced every member of the party that the marvelous speed with which the road has been built, has not been achieved by any sacrifice of security."

The editor of the New York *Times* refers to the fast running done on a portion of the trip, and says:

"The locomotive tore along at a speed of *over 40 miles* an hour, and smoothly enough we traveled, even at that high rate, proving conclusively that the Union Pacific Railroad is substantially built."

Of the Company's shops at Omaha, the same authority says:

"The first-class cars manufactured here are equal to any cars to be found on any of the eastern railroads, and indeed, the whole rolling stock of the Company will compare with that of any other road in the country."

The editor of the Philadelphia *Age* says:

"It might be supposed, from the rapidity with which the work was done, that it was of a temporary and perishable character. But such is not the case. * * * On the roadway it is enough to say that we traversed it smoothly, safely and steadily the five successive days at a rate of speed varying from twenty to fifty miles per hour, and between the old track and that at the western terminus, which had been finished but an hour or two, no discrepancy was perceptible."

The editor of the Philadelphia *Bulletin* gives the following spirited description of the way the track is being laid:

"Track-laying on the Union Pacific is a science, and we, pundits of the Far East, stood on that embankment, only about a thousand miles this side of sunset, and backed westward before that hurrying corps of sturdy operators, with a mingled feeling of amusement, curiosity and profound respect. On they came. A light car, drawn by a single horse, gallops up to the front with its load of rails. Two men seize the end of a rail and start forward, the rest of the gang taking hold by twos, until it is clear of the car. Then they come forward at a run. At the word of command the rail is dropped in its place, right side up with care, while the same process goes on at the other side of the car. Less than thirty seconds to a rail for each gang, and so four rails go down to the minute! Quick work, you say, but the fellows on the U. P. are tremendously in earnest. The moment the car is empty it is tipped on the other side of the track to let the next loaded car pass it; and then it is tipped back again, and it is a sight to see it go flying back for another load, by a horse at full gallop at the end of sixty or eighty feet of rope, ridden by a young Jehu, who drives furiously. Close behind the first gang come the gaugers, spikers, and bolters, and a lively time they make of it. It is a grand Anvil Chorus that those sturdy sledges are playing across the plains. It is in triple time, three strokes to a spike. There are ten spikes to a rail, four hundred rails to the mile, eighteen hundred miles to San Francisco. That's the sum, what is the quotient? Twenty-one million times are those sledges to be swung—twenty-one million times are they to come down with their sharp punctuation before the great work of modern America is complete."

These quotations might be greatly extended, but all the members of the editorial party bear similar testimony to the thoroughness of construction of the Union Pacific Railroad, and the permanent character of all its equipments and appurtenances. They are all equally positive concerning the great business future which the road must have as the outlet for the vast region west of the Missouri awaiting development.

We learn from the Treasurer of the Company that the earnings of the road for the past year exceeded four million dollars. Great as this sum is, it must be considered as only the beginning of the immense traffic which will pass over the road when the whole line shall be finished.

AN OX GORED.

The people in the West are a great people, and they do things in their own way. This the Pittsburg *Commercial*, an extensively loyal paper, don't like, and growls as follows:

"The Seymour and Blair rowdies at St. Joseph, Missouri, on Wednesday, insulted Generals Grant and Sherman by yelling, blowing tin horns and *otherwise disgracing themselves* when those distinguished gentlemen appeared on the balcony of the hotel in response to the calls of their friends outside. The rowdies would not permit General Sherman to speak. It was a characteristic exhibition of rebel copperhead ruffianism."

Why not? What is the matter now? The people of St. Joseph had this lesson taught them two years ago by the loyal rowdies at Cleveland, Indianapolis, and in other refined *localities*, when the "government" and General Grant were gagged, hooted down and mobbed. Yet, notwithstanding all these insults to the President, Gen. Grant and their *suite*, not a loyal whelp opened his mouth. Perhaps these rowdies can't disgrace themselves.

Men who fostered and defended mobs for five years, should not be so hasty to condemn the examples set by themselves—unless they have truly repented—manfully confessed their sins, and intend to lead a new life.—*Clearfield Republican.*

A "CARPET-BAG" SENATOR.

A few years since a brazen-faced fellow by the name of Leslie made his appearance in the city of Brooklyn, and by some mysterious means secured the nomination in one of the Assembly districts. And what was still more remarkable he was elected. He did not prove, however, a very brilliant legislator, and after serving out his term thought he would enter on a new field of labor, and actually became the proprietor of a house of ill fame in the city of New York, and while so engaged was overhauled by the police. His appearance at the Sessions and the effrontery he displayed there were the occasion of much newspaper comment at the time. Finding the locality too warm for his comfort, and hearing that there was an opening for nice young men in the South, he left his bill for rent unpaid and drifted toward Florida, where he now turns up as one of the newly-elected Senators of that State. This is only a specimen brick from the material out of which Radicalism is erecting its legislative structures at the South.—*Phil'a Evening Herald.*

ELECT Grant, and Butler, Logan, and the bad men by whom they are surrounded, will continue to rule the nation by the aid of negro votes. On the other hand, the choice of Horatio Seymour will restore concord between the sections, insure an honest, economical administration of the government, and make practical the grand fundamental idea that this is a white man's country, and must be ruled by laws based upon that platform. From this time until the close of the Presidential contest in November, we call upon the friends of civil liberty in this State, to work unceasingly. If they do so, the State will give a Jackson majority for Seymour and Blair.

A REASON WHY GEN. GRANT SHOULD BE ELECTED.—A Radical paper in Maryland enumerates several reasons why it thinks Grant ought to be elected, and at the head of the list it puts the following:

"Because it would blot out the last remnant of the curse of slavery, and forever establish the doctrine that all loyal men are entitled to equal civil and political rights."

All who desire to make negroes their equals will vote for Grant; all who believe in the superiority of the white race should vote against him. If he is elected, negro equality will be speedily forced upon all the States by an act of Congress. There can be nothing more certain in the future.

Is it impartial suffrage to enfranchise the black and disfranchise the white man?

THE Radical party is staggering, and *Prentice thinks it is from having* swallowed Grant.

SPEECH OF HON. F. T. BACKUS.

Another Prominent Republican Comes Out for Seymour and Blair.

Hon. Franklin T. Backus, of Cleveland, Ohio, has been a life-long opponent of the Democratic party. In 1862 he was the Republican candidate for Supreme Judge in Ohio. He is a man of decided ability and of unblemished character. On the evening following *the nomination of Seymour and Blair,* there was a large ratification meeting at Cleveland. At this meeting Mr. Backus declared himself a Democrat, in the following admirable speech:

"The last time I attempted to address a crowd from this balcony, it was on the occasion of a meeting held under the same flag that floats yonder. The meeting was held in a gloomy hour of our Republic. It was at a time when treason's brazen front was erect, and when the South was arrayed in armed resistance to the government of our Revolutionary fathers, who gave all we were proud to own. On that night you rallied, and sent your brothers and sons to the tented field, to maintain those institutions. You rallied in your strength, and in the providence of God, were successful in upholding the flag of the Union; and, we hoped, in preserving our Constitution for us and our descendants. But dark as was that hour quite as dark an hour lowers over this Government now; and whether the gloom shall be dispelled, or whether we are to have eternal night, depends upon the success of the ticket nominated to-day [cheers.] Fellow citizens—*aye, fellow Democrats!* That has been a hard word for me to mouth! For a quarter of a century I have been trained a Republican; and it comes hard for me to designate myself as a Democrat; but when treason at the South has been crushed, and treason rises up at the North, after *the flag has floated in triumph over* rebellion, when, for the unholy purposes of the party in power the Union has been kept asunder—the Union that all fought for, only to have it prove an *ignis fatuus;* when one-third of the Union to-day is subject to a power, in *time of peace, unrecognized by the* Constitution—not to secure victory, not to render the triumph of the flag a triumph for all time, but for the selfish purpose of preserving in perpetuity the power of a party unfit to wield it; when, all these years, that party have been laboring, not to heal sectional wounds and the bitterness engendered by war, but to see by what assumption of power they can *prevent the South from coming back as Democratic States,* and thus keep in place the party that is rioting in spoils—I say, when such conditions have existed for three years, *he that would stammer in pronouncing himself a Democrat—whose party is the only one to which we can look for succor from these woes—is no man for the times.* [Deafening cheers.] And I say to-night what I never said before, that I stand here a Democrat—a Democrat as defined in the platform of the New York Convention. I am willing to fight under the banner of the Democracy, and, God willing, we will achieve a victory. [Cheers.]

It is unnecessary to descant on the merits of Messrs. Seymour and Blair; they are known to you and the world. *Horatio Seymour is one of the first* statesmen and truest patriots in this broad nation. I am contented with our candidates and with our glorious platform. We have nothing to do but to organize for victory, go to the polls, record our votes, and reform the government, *and bring it back to the* status of its glorious founders. I have faith that we shall be successful. If we fail, God help us and the cause of liberty." [Cheers.]

THE Radicals are fast abandoning the tone of braggadocio which they adopted upon the nomination of Seymour and Blair. It was only put on for a purpose, and they are now addressing their readers in words of truth and soberness. The New York *Tribune* admits that the Presidential contest will be a very close and stubborn fight. Other journals of the same class use singular language. The New York *Sun* says:

Even with a Democrat so pronounced and conspicuous as Gov. Seymour, and with the less judicious and attractive name of Gen. Blair thereto appended, and even on the issue of overthrowing the reconstructed State Governments, if the Republicans imagine that their victory is sure, they entirely mistake the temper of the times and the prowess of their opponents.

The foreshadowings of a Democratic victory are encouraging, and show how wide-spread is the defection in the Radical ranks, and how complete the apathy which prevails. Let the Democracy perfect their organization and victory is sure.

GREELEY, of the New York *Tribune*, several months since scouted the idea of running Grant for President. The country demanded a statesman and not a "*dumb candidate.*" Nominate Grant, said Greeley, and he "will land the Republican party where Scott landed the Whig party in 1852." Most noble prophet. The Radicals will *Seymour* in November next.

THE *negro and scallawag members* of the Texas Convention have voted themselves fifteen dollars a day for their valuable services in making a constitution. Thus, says the Louisville *Journal*, they have out-niggered and out-scallawaged even the niggers and *scallawags* of the other Southern conventions.

EX-SECRETARY STANTON is said to be rapidly reaching a state of actual imbecility. He mopes and wanders around his own immediate neighborhood—*not even noticed by those who* were his former tools. He is prematurely old and feeble.

ST. PAUL has a crazy woman who is starving herself to death. Strange as it may seem, there are several crazy men in the neighborhood who will vote the Radical ticket, that they also may be starved to death.

THE Chambersburg *Valley Spirit* says that John Cessna is going to run for Congress on the *Temperance* platform. This is the first intimation we have had that Cessna intends to oppose Grant.

THE board for a pet dog is $5 per week at fashionable watering-places.

COLFAX, LIKE JONES'S RAM, GETTING ABOVE HIS BUSINESS.

Old Abe, as we used to call our late President, had a wonderful perception of men's characters, and an inexhaustible fund of live anecdotes with which to illustrate them.

The best illustration of the character of the little popinjay put up by the Radicals for Vice President, was that of Lincoln, as told by one who had heard the joke. When Colfax was elected Speaker, he was of course immensely "set up." He conceived the idea that the old rule of Washington etiquette which ranked Senators above members of the House in their intercourse with the President was all wrong; that the Speaker had precedence over Senators at the White House. Calling upon the President on a certain occasion, he was required to wait until the conclusion of an interview between a Senator and Lincoln. Colfax took this in high dudgeon, and made some remark about it. This coming to the ears of Old Abe, in a conversation on the matter, with some Illinois Democrats, he said:

"Colfax reminds me of a ram, once owned by an old friend, Farmer Jones, of Sangamon county. The ram was a tolerably fair animal for that day, before the stock of sheep had been materially improved. He ran with the flock, doing proper service for a long while. One day he became troublesome, and broke through a fence gap into another field among the cows. After that, neither blows nor coaxing could induce that ram to herd with the sheep again. He felt sure, said Old Abe, that he had got to be a bull, and nothing could persuade him out of that notion. Colfax, since he has been made Speaker, never will be convinced that he is not a bigger sheep than those fellows in the north end of the Capitol."

Ever after he was called by those who heard the story, "Ram Colfax."

IT IS NOT *a mere party triumph we seek.—We are trying to save our country from the dangers which overhang it. We wish to lift off the perplexities and the shackles which, in the shape of bad laws and of crushing taxation, now paralyze the business and labor of our land. We hope, too, that we can give order, prosperity and happiness to those sections of our country which suffer so deeply to-day in their homes, and in all their industry, from the unhappy events of the last eight years.*—HORATIO SEYMOUR.

THADDEUS STEVENS was born in Vermont, on the 4th of April, 1793, and graduated at Dartmouth College, in 1814. In that year he removed to Pennsylvania, and in 1816 was admitted to the bar in Adams county.

Mr. Stevens served as a member of the Pennsylvania Legislature in the years 1834, 1835, 1837 and 1841. In 1836 he was elected a member of the State Constitutional Convention, and was appointed a Canal Commissioner in 1838.

Mr. Stevens removed to Lancaster in 1842, and was elected to represent that District in Congress in 1848. He served in the Thirty-first, Thirty-second, *Thirty-sixth, Thirty-seventh,* Thirty-eighth and Thirty-ninth Congresses, and was at the time of his death a member of the Fortieth Congress.

In the Thirty-eighth Congress, Mr. Stevens served as Chairman of the *Committee of Ways and Means,* and he was Chairman of the Committees on Reconstruction and Appropriations of the present Congress. He was a member of the Baltimore Convention of 1864, which nominated Lincoln and Johnson.

IT has been at times feebly denied that the ultimate object of Radicalism was entire negro equality, social and otherwise. Now, mark how a plain fact will put this cowardly evasion down. The pretended Legislature of Arkansas has just passed an act which makes it "a high misdemeanor" for any railroad, steamboat, street car, stage coach, or other conveying company, or for the keeper of any inn hotel, or place of public amusement, to make any distinction on account of race, color, or previous condition, on penalty of fine not less than $200 nor more than $5,000, and, in the discretion of the Judge trying, imprisonment not exceeding twelve months. This is mongrelization, and upon this platform Grant stands.

"THE next election will turn upon this question: Can the Congressional party succeed in their efforts to excite and array the industrial and money interests against each other, or will these unite and turn out the authors of the mischief under which they are all suffering."—HORATIO SEYMOUR.

A CORRESPONDENT of the *World* writes: "After a careful estimate of the votes, I have no hesitation in stating that, owing not only to national matters, but to purely local issues, the City of Philadelphia will give at the next election a Democratic majority *of from five to eight thousand.* Prominent politicians from the interior of the State are confident of triumph in their respective sections, and I have a strong faith in placing the majority of Pennsylvania in the October election for the Democratic nominees at *from ten to fifteen thousand—certain.*"

THE Radicals will have it that Southern Democrats are anxious for a battle at arms; but the Democrats declare it is only a contest at the ballot box they contemplate or desire. The Richmond *Examiner* says: "Our notion is that the people of the United States this Fall are going to use the peaceful remedy of the ballot-box to put down the mad revolutionists of Radicalism. They are going to outvote them. It is possible that the Radicals may arm and resist the verdict of the ballot-box, but if they take the sword they will perish by the sword."

THE announcement of Gen. Grant that he will have no policy, is equivalent to a declaration that he will accept whatever policy Sumner, Chandler, Butler, Schenk & Co. choose to adopt. It is a renunciation, in advance, of the Constitutional duty of the President to "*recommend to the consideration of Congress such measures as he shall judge necessary and expedient.*" It proffers acquiescence in the humiliation of the Executive Office, and the transfer of its Constitutional functions to Congress. It betrays an ignoble personal ambition to become President of the United States, for the mere sake of enjoying the honor and perquisites of the office.

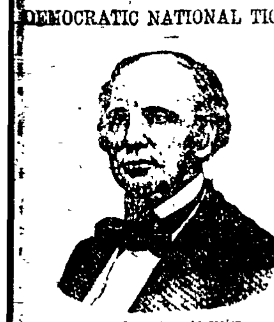

A CHANGE of 86,000 votes in 1864 would have elected General McClellan President. This change was required in the States of Connecticut, Indiana, Maryland, New York, Nevada, New Hampshire, Oregon, Pennsylvania and Rhode Island, or an average of four thousand votes in a State. Since that time the States of Connecticut, Maryland, Oregon, Pennsylvania and New York have become Democratic, and Indiana and Nevada will be at the next election. The Democrats have therefore the game in their own hands. They go into the contest to win and will win in spite of all opposition.

CANDIDATE FOR SENATOR.

The Democratic Senatorial Conferees of this district met at Greffenberg Springs on Monday, and, after twenty odd ballots, nominated Calvin M. Duncan, Esq., of Franklin county. Though the session was a protracted one, there was no ill-feeling—and when a decision was reached, all cordially joined in the determination to give the nominee the largest majority possible.

Whilst recognizing the merit and ability of Mr McDivit, the Conferees thought it *proper to give Mr. Duncan* another opportunity to go before the people of the district, in order thus to rebuke the wrong perpetrated upon him by McConaughy and the equally unprincipled Radicals of the Senate three years ago.

It now becomes the duty of every Democratic and Conservative voter in Adams and Franklin to prepare for a vigorous canvass, and rescue these counties from longer *misrepresentation* in the Senate of the State. *It can be done.* LET IT BE WELL DONE!

CONGRESSIONAL NOMINATION.

A despatch from Bedford, received last evening, announces the nomination of Hon. Francis M. Kimmell, of Chambersburg, as the Democratic candidate for Congress in this district. Let Cessna challenge him to the stump if he dare. He will find Judge Kimmell a *very* heavy "team," with a *very* "cross dog under the wagon."

THE MONTANA ELECTION.

Last year Montana elected James M. Cavanaugh, Democrat, to Congress, by a majority of 1,108. This year the Democratic majority in the Territory is about 2,500—a clear Democratic gain of about 1,400 in a single year. This marked and emphatic change is attributed almost wholly to the fact that many Republicans, becoming disgusted with the excesses of their party leaders, have forsaken that organization and given their votes and influence to the cause of the Democracy.

IDAHO ALSO DEMOCRATIC!

All the Territories—to say nothing of the States—in which elections have recently been held, have declared emphatically against Grant and Colfax, and for Seymour and Blair. Idaho, the most recent, has elected Judge Schaeffer, the Democratic candidate, to Congress, by a *majority of from* four hundred to six hundred. The people are demanding a CHANGE—and *will* have it.

GIVING IT UP!

The New York *Herald*, which, six weeks ago, predicted the election of Grant and Colfax, now takes that back, and declares that Seymour and Blair will sweep the country. The ninety thousand Democratic majority in Kentucky has brought the *Herald* to its senses.

NOT ON THE DEFENSIVE.

The Democratic party, be it understood, is not on the defence in this campaign. We are the attacking party. We mean to drive the enemy from pillar to post, from post to the last ditch, and above all, we mean to drive them from the Treasury, which they are plundering. In such a campaign we have no time to stop and bandy words, or to reply to epithets. Concession is everything, and at the start let us concede that Democrats are "copperheads," "rebels," "traitors," "disloil," anything that they may be called, and that Radicalism is everything it claims to be, "loil," "moral," and so on. Only "loilty" and "moral ideas" are too expensive luxuries; they cost too much money; the country cannot afford them; "copperheadism" is cheaper, and will leave a margin for food, coal, clothes, house-rent, shoes for the children, and other things which are as essential as "loilty," and cost far less money. This campaign is a matter of taxes, wages, and bread and butter, not "moral ideas."

DEMOCRATS in New York are offering to bet that that State will give Seymour and Blair 75,000 majority, but find no takers.

RADICAL EXTRAVAGANCE.

The attempts of the Radical press to screen their party from the charge of extravagance and **waste are vain, and** against the facts, wherever power has been in their hands. Both in the management of the affairs of the nation and of States, their authority, in every department, is **marked** by the most astonishing increase of expenditures. Take the House of Representatives at Washington as an example, as exhibited in the annexed table,—made up **from official records:**

A statement showing the Expenses of the House of Representatives for the years ending June 30, 1861, 1865, 1866, 1867 and 1868.

Year ending June 30, 1861,	$333,099 00
Year " " " 1865,	481,884 00
Year " " " 1866,	402,118 00
Year " " " 1867,	502,081 00
Year " " " 1868,	725,555 00
Additional compensation,	100,000 00
Total	$2,025,585 00

The ratio of increase here is unprecedented; and when we look into the items, there is no explanation to be found among them that does not scandalize the House and the party that fills it with profligate men. For instance: for the second session of the Fortieth Congress the whole amount of "stationery" would equal an allowance of $520 to each member; there were $5,086 worth of pens for the House; the penknives amounted to $5,620, equal to fifteen knives, at $25.50 for each member.

Of the same character are the expenditures of our State Legislature. The Harrisburg *Patriot* has compiled from the public records the following tables:

Expenses of the Legislature per annum during the nine years preceding the accession of the Republicans to power.

Year.	Amount
1852,	$103,331 05
1853,	97,951 17
1854,	125,709 61
1855,	131,821 67
1856,	127,102 07
1857,	191,0[illegible] 98
1858,	172,652 15
1859,	175,765 22
	$1,231,274 40

Expenses of the Legislature per annum during the nine years of Republican ascendency:

Year.	Amount.
1860,	$177,284 65
1861,	209,600 31
1862,	181,474 07
1863,	183,560 02
1864,	291,815 71
1865,	250,680 26
1866,	272,977 25
1867,	321,452 27
1868,*	350,000 00
	$2,251,744 14
	1,231,274 40

* Estimated.

Excess of Radical expenses, - $1,120,469 74

These tables embrace only the current expenses of the Legislature, pay of the members, employees, light, fuel, *stationery, &c.*, &c., and present a most scandalous commentary upon the proclivities of the Radical leaders to wanton extravagance, waste, pillage, and their inevitable consequences—increased taxation. Let them boast of diminishing the debt—with such facts before them voters will be incredulous.

GOV. CURTIN ENDORSES SEYMOUR.

One of our exchanges gives a report of a conversation between Gov. Curtin and a personal and political friend of his, which recently occurred in the Union League Club House in Philadelphia. The inquiry was made: "Well, Governor, what is your opinion of the Democratic Convention?" "I think," said the Governor, "that a stronger ticket might have been selected, such as Hendricks and Hancock, for example." "But," continued the questioner, "what is your opinion of Governor Seymour?" Mr. Curtin replied: "Well, sir, if I were asked to mention a man who, in my estimation, possessed the attributes of a perfect gentleman, a cultivated scholar, a thorough statesman and a sincere Christian, I could, without hesitation, name Horatio Seymour, of New York." "How about Seymour's loyalty?" "After the dispatches that I sent Seymour at the time of the rebel raid into Pennsylvania," replied the Governor, "it would hardly become me to impugn his loyalty; the fact is, I have never doubted it. I understand that Belmont is having all the dispatches sent by Stanton and myself printed, and I have no doubt they will be in the hands of every Democratic stump speaker through the campaign. We had better give up attacking Seymour's loyalty, for the opposition hold the trump card in that matter."

NOW, YOU CAN SEE!

The mouth-piece of the Radicals, Tom Marshall, at their meeting on Saturday night of last week, declared that his party is in favor of compelling the people of eleven States to have Negro Suffrage, and that it must also be established in the Northern States. Now, Republicans, you can see what your leaders are driving at! They have riveted their odious policy upon the Southern States, and now, with Grant as an instrument to deceive you, they want to fasten it upon you! They are getting bolder. They imagine the people will tolerate any *thing they choose to do.* They think Grant's military cloak will cover their infamous purposes from your sight. Even now, there is snugly filed away in one of the committee rooms of Congress, Sumner's bill to *Legislate Negro Suffrage into all the States.* Elect men like John Cessna, or, in fact, any Radical, to Congress, and they will pass this bill at once. Should Grant be elected and veto it, they will pass it over his veto. If they carry the election, they will say *the people endorsed Negro Suffrage at the polls and demand such a law from Congress.* This is plainly foreshadowed in the speech of Tom. Marshall. The Radical party is openly committed to this purpose. Grant stands upon their platform and accepts their doctrines. He is tarred with the same stick as Sumner, Kelly, Wade and the rest. Let every Republican who is opposed to Universal Negro Suffrage act out his principles, and either not vote at all, or vote for Seymour and Blair.—*Bedford Gazette.*

HOWL, WHY DON'T YOU?

Seventy-seven white soldiers, belonging to the 12th Infantry, residing in the Fifth Ward in Washington city, whose votes in the last election were not counted because they were cast for the Democratic candidate, have petitioned Congress, praying for the same rights as are granted to negroes. Grant's keeper, Washburne, and the rest of those wonderful Radical friends of the soldier, are keeping very quiet about this petition. Why don't somebody howl about this disfranchisement of the soldier?

THE White Boys in Blue are all aglow with enthusiasm. They declare that they will have the Union for which they fought, and nothing less. This they say they can secure only by the election of Seymour and Blair, and they are going to elect him. "Let us have peace."

THE Chicago *Times*, which hitherto has reckoned Illinois for Grant, begins to believe it is going for Seymour and Blair. Messrs. Radicals, your cake is dough.

THE POPULAR UPRISING!

Let Radicalism Stand from Under!

Reports of changes from Radicalism to Democracy reach us from all quarters. We cannot find room for a tenth of them. As a sample of the many, we give the following:

REPUDIATION!—*An Honest Man Leaves the Corrupt Party—Don't Want Office or Honor from Such a Source—Black Republicanism at a Discount in Wyoming County.*—The following note handed us for publication speaks for itself, and shows unmistakably how the wind is blowing in this region:

To the Editor of the Wyoming Democrat: Having been nominated by the late Republican convention as its candidate for the office of treasurer of Wyoming county, I desire to tender my thanks to said convention for this token of its esteem, but most respectfully decline the acceptance of a nomination at the hands of a party with which I have no longer any sympathy, and with which I have therefore ceased to act. FLETCHER DICKSON.

Tunk., Aug. 17, 1868.

A REPUBLICAN CANDIDATE OUT FOR SEYMOUR.—John Eichelberger, Esq., the Radical nominee for County Surveyor of York county, not only declines to run on that ticket, but comes out openly in denunciation of the foul party and declares his intention to vote for Seymour and Blair. This is an evidence of the way the tide is running in Pennsylvania. Look out for thunder in October, and still louder peals in November.

ANOTHER "TRAITOR."—Adam Hoy, Esq., one of the leading attorneys of Bellefonte and law partner of the Hon. Jas. T. Hale, has become disgusted with the dirty dogmas and thieving principles of the Radical party, and on Saturday evening last at the Democratic club rooms, made a telling speech in favor of Seymour and Blair.

MORE CHANGES.—Among the political changes throughout Pennsylvania, the Snyder county papers state that George Schnure, Esq., President of the First National Bank, at Selinsgrove, and Judge Middleswarth, son *of the late Hon. Ner. Middleswarth,* who have heretofore acted with the Republican party, are now working energetically for Seymour and Blair. So we go over the whole country.

AUBURN, N. Y.—The Democrats of Auburn, N. Y., held a meeting last Monday night. Many Democrats and every Republican present were surprised to hear a speech from General George D. Robinson. The General has heretofore been an extreme Radical, and has stumped Cayuga county in behalf of the Republican cause. General B. is an educated man, of strong reasoning powers, fearless in the expression of his sentiments and always ready to give a reason for his faith. He entered the Seventy-fifth regiment of New York State volunteers as a private, and worked his way to the rank of Brevet Brigadier General. He is lame now, from the effects of wounds received in the war. He was a delegate to the Radical Soldiers' Convention at Pittsburg, and has heretofore been fawned upon by the Republicans; but now they turn their backs upon him, as they find he is of no *use* to them. The General was made a convert to Democracy by living in Florida, where he has been for the past eighteen months, and has had the acts of the carpet-baggers daily before his eyes.—*Albany Argus.*

STEPHEN J. MEANY, the victim of a British dungeon, who spoke at Washington a few evenings since in denunciation of the refusal of Congress to protect American citizens abroad, and at the same time declared for Seymour and Blair, has heretofore been a Republican and used to edit a Republican paper at Toledo, Ohio.

GENERAL A. S. PIATT, of West Liberty, Ohio, a brother of Col. Don Piatt, has left the Radical party, and, in an able speech, announces his determination to support Seymour and Blair. He has hitherto been an active Republican. The true soldiers everywhere are tearing themselves from the foul embrace of Radicalism.

FROM Missouri we learn that Richard Dalton, a young and talented lawyer of Ralls county, and a prominent Radical, in a speech delivered before the Democratic convention at New London, formally announced his abandonment of the old Radical hulk, and united his fortunes with the white man's party.

A YOUNG AND PROMISING LAWYER ABANDONS THE FOUL PARTY.—Robert S. Morrison, Esq., a young and brilliant lawyer, son of ex-Mayor Morrison, of Allegheny City, addressed a Democratic meeting in that city on Tuesday evening last. Mr. Morrison stated that it was his first appearance in what he had always supposed was the camp of the enemy, but he could think so no longer. He was now with the Democracy heart and soul, as he could not stand idly by and see the country ruined by the party that had gained its ascendency by deceiving the people.

GEN. HALPINE'S OPINION.

Among the last written words of the late Gen. Halpine were his opinions of Blair and Seymour, as follows:

On the whole muster roll of our army no name shone more conspicuously for personal gallantry than that of Frank Blair; few officers have been more desperately wounded, and no officer has been more gloriously conspicuous for never saying 'go' to his men, but 'follow me.' " * * * "Knowing Seymour well, and having had opportunities to know him thoroughly, officially and personally during the war, we *reluctantly but firmly* apply to whomsoever shall question his active and practical loyalty the famous words of the great Radical chief who answers every charge which he deem unfounded by this striking phrase of the pure Saxon dialect, 'You lie, you villain, you lie;' and—what the great Radical philosopher does not do—we are willing to be held responsible for these words."

PRESIDENT JOHNSON.—The Radicals have been industriously circulating the report that President Johnson will not support Seymour and Blair. The *Ledger's* Washington correspondent says:

"The reports sent hence relative to the feeling of the Administration toward the Democratic nominees for *President* and *Vice President* are erroneous. There has been no formal consideration of this subject in Cabinet. So far as Mr. Johnson is concerned, it is certain he will support Seymour and Blair; and several members of the Cabinet are *as decidedly in favor of* those candidates."

Nobody of sense ever supposed that the President would or could consistently do anything else.

THE MARCH TO DESPOTISM.

No election in Virginia,
No election in Mississippi,
No election in Texas,
No election in Florida.

ESCAPED.—The *Rev.* Henry Wendt, formerly superintendent of the Lutheran Orphans' Home at Germantown, and who, about two years ago, was arrested, convicted and sentenced to a term of fifteen years in the Eastern Penitentiary for having outraged a number of little girls under his care in the Home, we see has succeeded in effecting his escape from prison, and it is said has gone to Europe.

DEXTER, a few days ago, at New York, trotted a mile in two minutes and fourteen seconds—the fastest time on record. One quarter was made in thirty seconds, or at the rate of a mile in two minutes.

Is the Union restored? Not according to the Grant Reconstruction platform.

SENATORIAL CONFERENCE.

At a meeting of the Conferees appointed by the several Democratic Conventions of the Seventeenth Senatorial District, composed of the counties of Adams and Franklin, held at Greffenberg Springs, August 24th, 1868, Dr. Maxwell Kennedy, of Franklin, was chosen President, and S. H. Eicholtz, of Adams, Secretary. The following were the Conferees:

Adams—Hon. Moses McClean, Adam Rebert, Esq., and S. H. Eicholtz.

Franklin—Capt. G. W. Skinner, G. W. Welsh, Esq., and Dr. Maxwell Kennedy.

Nominations for a candidate for the State Senate were then made, Mr. McClean naming Joseph P. McDivit, Esq., of Adams, and Capt. Skinner naming Calvin M. Duncan, Esq., of Franklin.

Twenty-two ballots were had without a choice—each resulting 3 for McDivit and 3 for Duncan. On the 23d ballot, (Tuesday,) C. M. Duncan received a majority of the votes, and was thereupon unanimously declared the nominee.

Capt. Skinner then offered the following preamble and resolution, which were adopted, also unanimously:

WHEREAS C. M. Duncan, Esq., of Franklin county, was, three years ago, chosen by a majority of the people of the Senatorial District composed of Franklin and Adams to represent them in the Senate of Pennsylvania; and whereas a partisan committee of that body did, in defiance of every sense of right and justice, deprive him of his seat—therefore,

Resolved, That while we recognize in the candidate offered by Adams, Mr. McDivit, a gentleman of acknowledged merit and ability, and one who would make a faithful representative, we deem it but just, and a fitting rebuke to Radical unfairness, to nominate, as the unanimous choice of the Conference, for re-election, the candidate of three years ago, C. M. Duncan.

On motion, the Conference adjourned *sine die.*

MAX. KENNEDY, Pres't.
S. H. EICHOLTZ, Sec'y.

THE PLAN OF THE RADICALS.

The Radical National Committee had a meeting at Washington recently—called to devise some plan for the guidance of their party in the Presidential campaign. The elections in Oregon, Kentucky and Montana have completely terrified them, and they are in a strait as to how they can extricate themselves. It was in this frame of mind they met. Horace Greely was in favor of concentrating all their power on the three great States of New York, Pennsylvania, and Ohio, but the other members of the Committee overruled him. It was agreed that no power could take New York from Seymour and Blair, and that labor and money used in that State would only be thrown away. They therefore resolved to devote all their energy and money to Pennsylvania and Ohio in the October election, and carry them if possible. Here, then, Democrats, is the Radical plan of campaign. This and the adjoining State of Ohio are to be made the battle ground, *and there and here they will spare no effort* to beat us. They well know that as these great States go in October, so will they go in November—and that they will settle the Presidential contest in advance of the election for Electors. Democrats of Adams county, are you ready for the contest? Your enemy has thrown down to you the gage of battle, and say that here, on your own soil, the great battle is to be fought. Are you prepared to meet them? Remember that no amount of time, or money, or energy will be spared to compass your defeat. With them defeat is death, and they know it—hence the desperation with which they will contest every inch of ground. Your and our cause, Democrats, is just, and can and will lead to certain victory if properly pressed, while theirs is the cause of tyrants and despotism, negro supremacy and grinding taxes. *He is thrice armed whose cause is just*—but we must not rely entirely on the justice of our cause to give us victory. Much work is required—work early and work late, from now until the day of the election, and the closing of the polls. They are already half beaten by fear, and united effort will accomplish their entire overthrow.

HOW LONG?

How long will the patience of the American people endure? How long will they consent to bear the enormous burthen of taxation, imposed upon them because necessary to the continuation of Radical misrule; and oppressing them, that their oppressors may retain power? During the war the people bore their burthen without complaint, that the life of the nation might be preserved. In this they were faithful to duty. But the war is over, has been over for three years, and yet we are compelled to pay the enormous sum of four hundred and sixty millions of dollars a year in taxes! No nation on the face of the earth levies and collects such taxes as does our own. We are taxed from the cradle to the grave. Fully one half, if not more, of our earnings are absorbed by the great cancer of Radicalism which is eating away the very heart of the nation. We are told that a reduction of our taxes has been made, to the extent of one hundred millions of dollars. Who among us has been relieved of any part of that burthen? Not one. The manufacturers of the Eastern States have, we suppose on account of their superior loyalty, been relieved. They make money, and we pay the piper! Thank Heaven, the working people, the Mechanic, Farmer, and Laborer are becoming awake to their *interests; to the peril of further faith* in Radicalism, and the result of the next election will prove that they have not studied the situation in vain. The voice of the people will declare against feeding the lazy and worthless negroes of the South, and keeping under pay a standing army, useless and unnecessary. We need no Freedmen's Bureau, we require no standing army. Away with both these excrescences—away with the idle herd fed by them. And, as Radicalism cannot exist without the support of these and kindred causes and impositions, we pray fervently that it may be wiped out and be no longer a plague and torment to the people.—*Herald*

GEN. WM. H. IRWIN, of Mifflin county, an influential Republican soldier, will make a Seymour and Blair speech at Altoona to-morrow evening. The Radicals cannot afford to lose many such "traitors."

WILLIAMS, the impeacher, has been defeated for a re-nomination in the Pittsburg district. Thus is "traitor Andy" endorsed even by Radicals.

MR. PENDLETON addressed a meeting of 25,000 people at Portland, Maine, a few days ago. Extraordinary enthusiasm prevailed.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES

Parade.—The Gettysburg Zouaves will meet at their Armory, for parade and drill, on Saturday, August the 29th, at 1 o'clock, P. M.

Pic Nic.—A Grand Jubilee and Basket Pic Nic is announced to come off in the grove near Mummasburg, on Saturday, September 12th.

Eagle Shot.—Mr. Wm. Furney, on Wednesday, near the head of Horner's dam, shot a large Bald Eagle, measuring five feet five inches from tip to tip of the wings.

Sickness at York.—It is reported that a malarious fever, of a malignant type, has broken out at York—especially in that section east of Main street bridge—and that hundreds of persons are down with it. Dr. John Hay, a leading physician, died of the disease on Wednesday. We have no doubt, however, that many of the reports are exaggerated.

Big Canteleups.—We are indebted to Mr. James McBride, the clever gardener at Mt. St. Mary's, near Emmittsburg, for the present of several mammoth canteleups, a lot of okra, &c. One of the canteleups measured 2 feet one way and 2 feet 8 inches the other, and weighed 10 pounds! In quality they were all first-rate. Mr. McBride has the thanks of the editor and his household.

Camp Meeting.—The colored Camp Meeting, at Wolf's Spring, near this place, commenced on Wednesday. Quite a number of tents are up, and seats are provided for twelve or thirteen hundred people. The attendance is expected to be very large to morrow and Sunday. A train from town to the Camp and back, is now running every hour.

More Horses Stolen.—Two fine horses were stolen from Mr. Emanuel Weikert, in Cumberland township, on Sunday night. Two stragglers seen in the neighborhood the day previous, no doubt committed the theft.

We hear it reported that the parties supposed to have stolen Col. John Waugh's horses, several weeks ago, have been arrested in Baltimore. If guilty, too severe an example cannot be made of them. In the West they hang horse thieves.

Railroad Meeting.—A meeting of all interested in the building of the Emmittsburg Railroad, will be held at the Western Maryland Railroad Hotel, in Emmittsburg, on Saturday, September 5th, at 2 o'clock, P. M. It will be addressed by Capt. Robert Irwin, Augustus Schriver, Esq., Mr. Wills, of Baltimore, and others. Mayor Banks and President Bollman will also be present. We are requested to urge upon the friends of the enterprise a full attendance at the meeting.

Court Doings.—The following cases were disposed of in Court after our report for last week had been made up:

COMMON PLEAS.

James G. Spaulding vs. Levi A. Caskey.—Action on a sealed note.—Verdict for the plaintiff for $143.87.

QUARTER SESSIONS.

Commonwealth vs. Margaret Palm.—Assault and battery on James Green. Defendant plead guilty, and was sentenced to pay the costs.

Com vs. George W. Slonaker.—Larceny of $13 and a pocket book from Henry Monfort. Verdict guilty, and defendant sent to the House of Refuge at Philadelphia.

Com. vs. John Smith.—Larceny of $10 and a pocket book from Robert S. Paxton. Verdict not guilty.

Com. vs. James Green.—Assault and battery on Alfred Palm. Verdict guilty, and defendant sentenced to pay a fine of $5 and the costs.

Com. vs. Mary Zelner.—Assault and battery on Lena Betzel. Bill ignored by Grand Jury, and prosecutrix to pay the costs.

Com. vs. Mary Betzel and Lena Betzel.—Assault and battery on Mary Zelner. Bill ignored by Grand Jury, and prosecutrix to pay the costs.

Philomathæan Re-Union.—The Philomathæan Society of the College had a Re-Union of Thursday of Commencement week, Hon. John E. Smith presiding. An address of welcome was delivered by the President of the Society, and interesting letters were read from former members. A sketch of the organization, progress and present condition of the Society was read by Edward T. Horn, one of the present members. It was organized in 1831 with 16 members, and has now on its roll over 90. The Library contains 4,800 volumes, which is annually replenished by the interest of the "$1000 Library Fund," besides a Reading Room for the use of the members, where the leading journals of the country may be found. The Society has also $200 invested, to be applied to the refitting of the Hall in future. Addresses were made by a number of honorary members, formerly in active connection with the Society, detailing interesting *reminiscences* of its past history.

Selling Off.—It will be seen by their advertisement in another column, that Duphorn & Hoffman, corner of Carlisle street and the Diamond, are selling off their large stock at cost, with a view to changing their business. They invite the public generally to call, and *promise most astonishing bargains.* 7t

A Full Assortment.—The attention of Farmers, Builders, Contractors, and others is invited to the large assortment of LUMBER of all kinds suitable for building purposes, to be found at Col. C. H. BUEHLER's Lumber Yard, at corner of Carlisle and Railroad streets, including Boards, Planks, Flooring, Siding, Laths, Pickets, Shingles, &c. Also Posts, hewed and sawed, with prime Fencing Boards, White Pine and Hemlock. His stock is not only large, but his arrangements are such that he can sell at the very lowest cash rates. Also, constantly on hand, Blacksmith, Lime-burners' and Stove COAL. tf

Speer's "Standard Wine Bitters."—The undeniable fact that these Bitters are composed in the main of Speer's pure wine analysed, and recommended to invalids and the Medical Profession, by the best Chemists in the United States, cannot fail in inspiring confidence in the public, in the use of the "Wine Bitters."

Sold by Fred. Brown, corner of 5th and Chestnut sts., and other Druggists.

AN exchange says with great truth that in good old Democratic times the poor man might go to market with his money in his pocket and bring back his purchase in a basket. Now the order of things is reversed. He may take money to market in a basket and bring back the *purchase in his pocket.*

Seymour and Blair Meeting in the Court-house.—A meeting of the friends of Seymour and Blair was held in the Court-house, in this place, on Thursday evening of last week. H. J. Stahle called the meeting to order, and proposed the following list of officers, which was unanimously adopted:

President, Capt. Robert McCurdy.

Vice Presidents, Messrs. Daniel Geiselman, Jacob Hull, Isaac Lightner, William Duttera, Wm. Bittinger, S. S. Bishop, Lewis Will, Wm. B. Gardner, Thomas N. Dicks, Peter Orndorf, Edward Menchy, Philip A. Myers, Jacob, Troxel, and Jacob Benner.

Secretaries, Capt. S. H. Eicholtz, Capt. Henry Chritzman, J. W. Lott, and John A. Atwell.

Wm. A. Duncan, Wm. McClean and E. B. Buehler, Esqs., successively *addressed the meeting—all dealing in* telling facts and convincing arguments, which elicited frequent and hearty applause.

Though held on short notice, the meeting was largely attended. When the last speaker closed, cheers were proposed for the Democratic standard bearers, and responded to with a will that gave earnest of the determination of the masses to rid the country of Radical misrule and extravagance.

Club Meetings.—The Seymour and Blair Club will meet next Monday evening, at 7½ o'clock, in the Arbitration Room—when several speeches may be expected. All friends of the good cause are cordially invited to attend.

The Club will meet every Monday evening during the campaign at the same place.

Lives of Seymour and Blair.—Elsewhere we publish an advertisement for Agents to take subscriptions for the Lives of Horatio Seymour and Francis P. Blair, Democratic candidates for President and Vice President of the United States. The work is written by James B. McCabe, Jr., and is published by the United States Publishing Company, New York. The publishers say that "Agents in all parts of the country are finding this great standard work the best opportunity to make money ever offered, as its large size, low price, and great popularity have made a positive *demand* which canvassers only have to supply."

Thomas G. Lee requests us to mention that he has secured an agency for this work, and will canvass the county.

Radical Meeting.—The Radicals had a meeting in the Court-house on Friday evening. Notwithstanding their majority in the borough, the gathering was slim. McPherson and McConaughy made speeches. The former is the holder of a *very* "fat" office, and wants to keep it; the latter is after something of "the same sort," but would jump at any bone thrown to him. Patriotic chaps, both!

Radical Candidate for State Senator.—The Radical Conferees of this district met at Græffenberg on Wednesday. As both counties had instructed for W. D. Dixon, of Franklin county, he was unanimously nominated. The Radicals do not manifest any enthusiasm over this choice, but are glad that McConaughy has been shelved.

Surveyor Appointed.—Capt. Henry Chritzman, of this place, has been appointed United States Surveyor of Distilleries for the 16th district. This is a meritorious appointment—one which gives us genuine pleasure to chronicle.

Housekeepers and others wanting good Cooking Stoves, the best in the market, warranted to bake and give satisfaction, or any thing in the line of Tin Ware, Japan Ware, Hollow Ware, Chamber Sets, Bread and Spice Boxes, Ice Cream Freezers, Water Coolers, Coffee Mills, Bird Cages, Fruit Jars and Cans, Waiters, &c., &c, will find just what they want at the Ware-room of Col. C. H. Buehler, corner of Railroad and Carlisle street, opposite the Passenger Depot, and at prices which defy competition. tf

More Economical, Remarkable Certainty of prompt action, in fact, every good quality is guaranteed for Mrs. S. A. ALLEN'S IMPROVED (*new style*) HAIR RESTORER or DRESSING, (*in one bottle.*) Every Druggist sells it. Price One Dollar. Aug 7. 4t

If our friends will use preparations for restoring gray hair they should use the best in the market. Our attention has lately been call to an article which has an exsentive sale and a very high reputation, known as Ring's Vegetable Ambrosia, and we are inclined to think that it possesses more desirable and less objectionable qualities than any other in the market. It restores gray or faded hair to its original color in a most remarkable manner, and by its invigorating and soothing properties removes all dandruff and humors from the scalp. Give it a fair trial and you cannot fail to like it. Aug 7. 4t

"THE next election will turn upon this question: Can the Congressional party succeed in their efforts to excite and array the industrial and *money interests against each other,* or will these unite and turn out the authors of the mischief under which they are all suffering."—HORATIO SEYMOUR.

THE Cattle Disease is creating consternation in different parts of the country. It first broke out among a lot of Texas cattle at Chicago; spreading rapidly, it soon affected other herds there. By transportation, it has reached Philadelphia and New York; several cases are also reported at Baltimore. Farmers around the two former cities are losing large numbers of *cows and other cattle.* In the West it is spreading from State to State, and is dreaded as much as is the Rinderpest in Europe. Farmers everywhere are beginning to manifest deep concern in regard to this, thus far, uncontrollable disease

WHEN the pretended Legislature of Florida was about to take from the people the right to vote for Presidential electors, a loil Floridian from Kansas thus gave the grounds and reasons for the law:

"The Republicans," said he, "have the power, and they are going to keep it as long as there is a bayonet to back them. They will not go before the people on an issue, the result of which may deprive them of power."

MUCH alarm is felt in Louisiana. The negroes are drilling in country districts, and threatening to rise against the whites. They say they were promised land and mules, and mean to have them. This is a result of Radicalism.

A CORRESPONDENT has been at the vain task of pumping Seward. He asked him whether he should support Grant. Seward replied, "I don't know how you can ask such a question."

WISCONSIN is going for Seymour and Blair—sure. It is probable even that it will go Democratic by a sufficient majority to overcome a gerrymandered Legislature, and send Doolittle back to the Senate.

The Appraisement of Damages.—We copy the following from the *Franklin Repository,* (Radical,) published at Chambersburg, as a matter of interest to the people of this county:

The Commission appointed under the act of the Legislature of last winter, to appraise the damages suffered by the citizens of Franklin, Fulton, Bedford, Adams, York, and Cumberland counties, sat in Chambersburg, on Thursday of last week, [6th inst.] We are loth to say anything unfavorable towards any movement which promises in the slightest degree to afford compensation for the great losses our people sustained by the war. Many of them were seriously crippled in their means, and some rendered absolutely pennyless, and we hold that a great and prosperous State like the Commonwealth of Pennsylvania, no mean empire in itself, should not fail to make full compensation to the sufferers.

But this is not contemplated in the action of the Legislature. The law says:

"When such claims have been fully adjudicated, reported and filed, it shall then be the duty of the proper officer of the Commonwealth, to be designated by the Governor, to proceed to recover compensation for said losses from the general government, and when so collected, and not till then, shall the amount so recovered be paid, *pro rata,* to the sufferers of said counties in accordance with the report of the said commissioners of their claims, and their receipting in full to the Commonwealth of Pennsylvania."

We know that this Commission has been rendered popular by means of the impression having been spread abroad that the State proposes to pay these losses. It is entirely without *foundation.* The law contemplates nothing more than the making of an estimate of the losses and submitting it to the General Government, and even then does our people the injustice to provide that they must receipt in full to the State, no matter what proportion of the losses be paid. The action of the Commission itself, while performing the duty intrusted to it by His Excellency Gov. Geary, was such as to discourage and disgust applicants, but whether this arose from circumstances against which they could not provide or was the result of their own complicity with bad men, we do not pretend to say. It was impossible to prepare and examine with any care and correctness the statements of losses of a thousand men in one day, even if the best opportunity had been given, but the Commission sat in a hotel and were surrounded by *Justices of the Peace and cross-road* lawyers from other counties, like scavengers in the wake of an army, who plundered without stint the unfortunate victim who had already suffered greater losses than he could bear. *We still recollect with pride* the dignified and manly body which sat in the Court House in the spring of 1866 to adjudicate the losses of the citizens of Chambersburg occasioned by the burning of the town by rebels. No one could say aught against them. No breath of suspicion was ever whispered against the purity and integrity of their action. It was in the power of the present Commission to have done as well.

We would not be willing to say one word to discourage any one from making every effort to recover a claim, so just as these we have mentioned, from the Commonwealth or the General Government, but we do not hesitate to say that the General Government will never pay a cent upon the present appraisement. If Congress ever does, and we sincerely hope she will, conclude to compensate us, an estimate of *the losses will be made* in a careful and judicious manner; the best testimony will be had, an abundance of time will be taken, and a just and impartial decision will be made. The labor of this Commission will be thrown aside as so much waste paper, and the expenses incident to its execution will be so much lost to the State, while that filched from our citizens, in the shape of fees, will go to make an apex to the monument erected to our former loses.

WHO boasted that they would not vote a man nor a dollar to put down the Rebellion? The Democratic Party.—*New York Tribune.*

"You lie, you villain, you lie!" Had it not been for Democratic soldiers and Democratic contributions of money, the rebellion could not have been subdued, and you know it, you white faced hypocrite. But who declared that if the Cotton States chose to secede, it would be criminal to coerce them into the Union? *Horace Greely, who dares not deny it.*

HON. WM. A. WALLACE has been nominated for a third term in the State Senate, and will be elected by a larger majority than ever.

THE Democrats of the Cambria district have nominated Col. John P. Linton for Congress. An excellent choice.

A New Remedy for Consumption.

A Physician who had Consumption for several years, with frequent bleedings of the lungs, cured himself with a medicine unknown to the profession, when his case appeared hopeless. He is the only physician who has used it in his own person, or who has any knowledge of its virtues, and he can ascribe the degree of health he now enjoys to nothing but the use of his medicine; and nothing but utter despair and entire extinction of all hope of recovery, together with a want of confidence in all others, induced him *to hazard the experiment.* To those suffering with any disease of the Lungs he proffers a treatment he confidently believes will eradicate the disease. GETTYSBURG WATERING-PLACE!

Shall Gettysburg Retain the Control of its own Destiny or Surrender it to Strangers?

The Greatest Speculation in the United States!

A movement is being inaugurated in our little town which promises vastly beneficial results to its citizens, and most agreeable consequences to the citizens of every other part of the country. I refer to the revival of the Gettysburg Spring Hotel project.

This enterprise, started a few years ago, was abandoned as premature by its originators. The merits of the Spring upon which it was predicated had not then been sufficiently demonstrated to justify the investment of capital for the erection of a Hotel in its vicinity, and the capital was not forthcoming. But since that time the surpassing medicinal virtues of this Spring have not only been conclusively demonstrated to the satisfaction of everybody whose opinion is worth considering, but its water is being carried to every part of the country, and used as a priceless medicine at distances of hundreds and thousands of miles from its source. It is being prescribed by eminent Physicians of all the schools of medicine everywhere, and consumed by a larger number of invalids than are the waters of any other or all the other mineral springs on this continent.

It is also attracting to Gettysburg the summer army of health and pleasure seekers. The van-guard of this mighty host reached our little town this season, and it would have been vastly more numerous, but for the information so widely diffused by the leading public journals, that the great Spring near the town was without a Summer Hotel. This is proven by the number of *letters of inquiry as to accommodations,* addressed to the Gettysburg Spring Company and to the persons whose names have been used in connection with the Spring. In other words, it has been made abundantly manifest to the dullest apprehension that a large Summer Hotel at this Spring is an urgent public need.

Investigation has also corrected many erroneous impressions among our citizens as to the paying character of investments in Summer resorts. It has been ascertained that a single Hotel at Cape May, which accommodates only five hundred guests, netted the proprietors forty thousand dollars per season, for several years past; also that a Hotel at Saratoga, accommodating only two hundred guests, netted the parties interested twenty-five thousand dollars per season.

The former could not have cost (furniture and all) much over one hundred thousand dollars; the latter must have cost much less. In both instances the stock must represent three or four times its par value.

Much useful information has also been attained in regard to the influence exerted by watering places on the surrounding country. Thirty years ago and Saratoga town lots were not rated much higher than the adjoining farm lands, while the latter were selling at about the same rates as the farm lands around Gettysburg. The Hotel which was the nucleus of the present Saratoga watering place was erected by a Mr. Putnam, near one of the springs; yet instead of destroying and preventing the erection of other Hotels there, an effect which some ignorant people suppose a Spring Hotel will produce here, it actually caused the erection of a score of them at that place; all of which are now and have been for years in a flourishing condition. All of them, with the exception of the one referred to, are kept by their owners; only one of them is rented. Saratoga town lots are now selling at fabulous figures, and adjoining farm lands at one thousand dollars per acre. All this material prosperity of the people of Saratoga is directly or indirectly traceable to the erection there of Mr. Putnam's Spring Hotel.

The observation of the developments in regard to the Gettysburg Spring and the inquiries and investigations into the feasibility of investments in Summer resorts, and into the effect of the latter upon the material and social condition of the people where they are situated, has caused the revival of the Summer Hotel project among our citizens. It has produced the conviction that the stock in a Spring Hotel which would make Gettysburg a watering place would be the best paying investment of the times—would be even a safer one than Bank stocks, Government and Railroad bonds. That the *holders of it might readily pledge it* for the money necessary to pay the installments on their subscriptions in any of the money markets of the country, the moment that it was issued for such, has become the national character and popularity of the enterprise. That by their subscription of the necessary stock for the erection of a Hotel they would in effect immediately double or thribble the value of their personal property or real estate, thus virtually giving them their stock free of cost.

But another consideration has influenced the revival of this Hotel project. The great influence exerted by watering places over the surrounding country is one which like all others may be abused. It inures to the proprietors of medicinal springs which are the objects of attraction. The proprietors of the Congress Spring at Saratoga could by an order excluding the guests of a particular Hotel, ruin its proprietors and keepers; they could and have ruined other business establishments in that town which have incurred their displeasure. The proprietors of *the Katalysine Spring will exert an* equally great influence over the town of Gettysburg and surrounding country, and some of our far seeing citizens perceive the importance of protecting their interests in the premises by *obtaining the control of the Spring Hotel* and such other privileges as are necessary to their general security.

Already New York capitalists have obtained the supply of water of this medicinal Spring; they have also purchased four or five hundred acres of land around it, and we are informed that another company of New York capitalists are negotiating for the Hotel rights of this Spring. Should the purchase be consummated, the purchasers will become the masters of the destiny of this town and surrounding country. They will be able to discriminate against it, to ignore it, and even to build up a rival town around the Springs, where they own all the land.

It is to prevent these possible calamities to Gettysburg, as well as secure the great advantages arising from the control of the watering place Hotel and Spring rights, that young Gettysburg has decided to immediately subscribe the stock necessary for that purpose. Fortunately, the proprietor of the Gettysburg Spring is interested or inclined to favor this project, and if *the stock is at once subscribed the danger will be averted.* This young Gettysburg has undertaken to have effected, as well as to silence the old fogies and croakers who have so long hindered the prosperity and progress of the town. *The ladies of Gettysburg* are also forming the determination that they will not be left "out in the cold" where pleasure and the graces resort, through the neglect of some of the men of Gettysburg. The spiritless, doless, male creatures, who would surrender all their rights and privileges to strangers, the ladies are deciding to weed out of the community, to drive to more congenial abodes in some little towns in the interior, some fifty years behind the age, or to make them submit to the requirements of citizens of the now historic and celebrated town of Gettysburg. While young Gettysburg will make it anything but comfortable for the men who will stand in the way of public prosperity, the ladies will make it dangerous.

THE death of Thaddeus Stevens leaves the Radicals without a leader. Who succeeds—Butler, Greeley or Phillips? Let us know whom we have to fight. Whether the beast, the hypocrite or the fanatic.

NEARLY every Conservative meeting in the South has been interrupted by negroes, instigated by the cowardly Yankee carpet-baggers. "Let us have peace."

"WHEN we give value to our bonds by using the money drawn by taxation to the payment of our debt, and not to the military and negro scheme, we shall relieve the tax-payer, the bill-holder, and give strength and virtue to the claims of the public creditor."—HORATIO SEYMOUR.

A SOLDIER ON GRANT.—The Danbury (Connecticut) *Times*, whose editor was a Union soldier, has this item in regard to the "General of the Army and Radical candidate for the Presidency"—Gen. Grant:

Where has his name won a single victory? Not in New Hampshire, nor in Connecticut. His name never caused any enthusiasm in the army until the army's work was done, and the prospect of being led into another slaughter pen was obliterated, and his name in politics has not made one convert to the cause he has seen fit to shoulder. Silence is his statesmanship, obstinacy is his firmness, deceit is his patriotism, and horses his ability. He has lived in smoke and will end in smoke.

RECONSTRUCTION.—The Washington correspondent of the Cincinnati *Enquirer* relates the following:

A gentleman just from Mississippi furnishes a suggestive illustration of the workings of Congressional reconstruction in that State. Governor Humphreys refusing to vacate the office of Governor, was expelled from office. Refusing to divide the State mansion with the new Governor, he was, by military authority, expelled from that, to give place to his successor, who, finding himself unable to furnish, it rented out its broad parlors for billiard rooms, and its long halls for ten-pin allies. The State mansion, in which the long line of Mississippi Governors have dispensed hospitalities in the name of the Commonwealth, is converted into a public brothel.

THE real question is not so much whether the negroes and carpet-baggers are to rule the South, but whether they are to rule us. Already there are twelve of these loil leeches in the Senate and thirty-three in the House. Are they to rule us? That is the question.

"THE Negro should have the right to vote in the Northern States, and I will come into this Congressional district and help elect Mr. Cessna to Congress on this issue."—*Tom Marshall at the Radical Meeting in Bedford, in presence of Cessna, who dared not repudiate the sentiment.*

THE negroes in Washington are armed by the Radicals. They march through the streets with guns loaded with ball cartridges, and at the slightest provocation fire a platoon of musketry into the offending wayfarers on the sidewalk. "Let us have peace."

GREELY says: 'Never since Arnold's treason have blacker clouds hung over us.' True, sir. It is the shadow of abolitionism, the pall of death, which you have thrown over the country, and which is soon to wrap you and your miserable party in its folds.

THE Radical Governor of Louisiana demands military aid, and Brownlow wants negro troops to help carry the State. "Let us have peace."

EX-PRESIDENT Pierce writes that New Hampshire will go for Seymour.

750 MILES OF THE Union Pacific Railroad

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the Pacific will be completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operation, also 12,000 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over

Four Million Dollars,

which, after paying all expenses, was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

Are Entirely Secure.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July, at the Company's office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is *the length of time they have to run.*

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1867, were bought in at from 20 to 23 per cent. above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Gettysburg by the FIRST NATIONAL BANK and GETTYSBURG NATIONAL BANK, and in New York AT THE COMPANY'S OFFICE, NO. 20 NASSAU ST., AND BY JOHN J. CISCO & SON, BANKERS, NO. 59 WALL ST.,

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

JOHN J. CISCO, Treasurer, New York.

THE VALUE of this Guano is now so *well known and appreciated*, that it does not require further commendation from us.

The Company *owns the Guano Islands*, and other *sources of supply* from which its raw material is drawn. Hence, this Guano, possessing such high excellence, can be brought into market at a price not exceeding that of the ordinary Super-Phosphates of Lime.

The large capital invested by this Company affords the surest guarantee of the continued excellence of their fertilizer, as the safety of their capital depends upon continued and permanent business.

Experience has shown that this Guano ripens the Wheat crop from *five to six days* earlier than the Super Phosphates.

It is the policy and purpose of the Company to furnish the best fertilizer that enterprise and capital, aided by the best scientific ability, can bring into market, at the lowest possible cost to consumers.

THE GREAT
Conowago Phosphate

PREPARED BY
C. W. BENSON, M. D.,
LITTLESTOWN, PA.

THE Conowago Phosphate is destined to stand at the head of American Fertilizers. It has already proved its SUPERIOR QUALITIES, and ample certificates of its high character will soon be furnished to the public. The proprietors will spare no means or pains to make it a reliable and uniform article, superior to Peruvian Guano, because MORE LASTING IN ITS EFFECTS, EQUAL TO IT ON THE FIRST CROP, and does not overstimulate the soil, as most of the fertilizers in the market do, and leave the land after gathering the first crop in a worse condition than before using it. But it remains an active fertilizer in the soil, and continues year after year to show itself on every crop that is put in the land.

The Conowago Phosphate contains a large percentage of Ammonia and Phosphoric acid, which are essential elements to vegetable food. They either enter directly into the plant or prepare the alkalies in the soil to do so. The base of the Conowago Phosphate is PURE RAW BONE, completely and thoroughly dissolved without the use of any volatile agent.

One of the great advantages of the Conowago Phosphate is that it will dissolve the sand in the soil and set the silica free to be absorbed by the growing plant, which is a very important ingredient in giving firmness and strength to the stalk and grain. *It will prevent the falling and lodging of crops* that are forced up by a wet and warm season, and will greatly facilitate *the ripening of the grain and secure it against the rust.*

Agencies are being established throughout the country wherever fertilizers are sold.—We are not afraid to place it beside the best in the country.

Let all the farmers and planters make up their minds that they will try the Great Conowago Phosphate this fall.

Price Fifty Dollars per ton.
BENSON & MAUS,
Proprietors.

The Conowago Phosphate being made very fine, and thoroughly disintegrated, makes it convenient to use in the drills, and mixes more freely with the soil. All farmers know the advantage of fine fertilizers.

Farming and Housekeeping.

Facts about Agricultural Machinery and Manual Labor.

In response to a request to prepare a paper on the foregoing subject, Hon. John Stanton Gould writes as follows: I will give you the facts upon which such a paper should be based, and I think you may venture to rely upon them with considerable assurance, as they are based upon a pretty extensive correspondence with men who are most likely to be well informed upon the subject, and from sources of knowledge which are open to me as President of the New York State Agricultural Society.

1. There are 300,000 mowers and reapers in use in the United States.

2. The average cost of mowing machines is $125; of reaping machines, $175.

3. The average life of a machine is five years; some will use a mower or a reaper twenty years; but the average number of farmers buy a new machine once in five years.

4. Of the 300,000 machines, five-tenths are combined mowers and reapers, three-tenths single reapers.

5. Assuming that meadows yield one ton to an acre on an average, one man with a scythe will mow an acre a day.

6. With a sickle, a fair day's work is half an acre; with a cradle, in wheat, two acres; in rye, one and a half acres; in oats, two and a half acres; in barley, two and a half acres. It is possible, perhaps, that the average work with a cradle may be put half an acre higher than the above.

7. A mowing machine will cut, on an average, ten acres, and a reaper will reap ten acres

8. Six binders will keep up with a self-raking machine.

9. It is well settled that a mowing machine will cut closer and give more hay than a scythe. A reaping machine will also cut cleaner than a cradle or a sickle. I know of no experiments made with a view of accurately testing this difference, but I think it would not be over estimated at 5 per cent.

10. I estimate the total production of hay in the United States at 25,000,000 of tons; the amount raised in New York at 400,000 tons.

11. I estimate that 15,000,000 acres were sown in wheat in the United States, 2,000,000 acres in rye, 900,000 acres in oats, 100,000 acres in barley, making an aggregate of 18,000,000 of acres.

12. The average length of time occupied in securing the hay and grain, I estimate to be between six and seven weeks, in the United States.

13. It follows from this that the mowers and reapers in the United States dispense with the labor of about 200,000 men for about six or seven weeks in a year.

14. In point of fact, by the aid of harvesting machinery, the women of the country secured a greater number of the crops raised in the country during the war, without which it would have been impossible to have maintained our armies in the field. This labor, performed by the women, was not exhaustive of their physical strength or injurious to their health, nor did it impair their delicacy. It consisted mainly in sitting in a comfortable spring chair, and in riding about the field.

15. About 60,000 mowers and reapers are annually made in the United States for this and foreign markets.—The intelligent part of labor dispensed with in the field is therefore in market at a much higher rate of remuneration in the workshop in making the machines, than is realized from the field by their introduction. Yet the aggregate amount of wages is greater.—*Country Gent.*

CURE FOR RINGBONE.—A correspondent of the Rural New Yorker says that he has known a horse that went for twelve months on three legs, from ringbone, made perfectly sound by the application, once a day, of an ointment composed of half an ounce of red precipitate; half an ounce of blue stone; half a pint of turpentine, thoroughly mixed. Keep the hoof greased.

Another Negro Outrage—A Black Fiend Attempts to Violate the Person of a Respectable White Lady.

Bribed into committing acts of lawlessness and crime, by a confident expectation of release from the Penitentiary, if convicted, it must have been noticed that in various localities of late, negroes have been guilty of outrages more or less aggravated. The last we have to relate occurred in Springfield, Robertson county, on Friday night, and was no less infamous than the attempt of a black scoundrel to outrage the person of a respectable white woman. It appears that the wretch dragged his victim into an outhouse or barn and would have accomplished his purpose if the screams of the frightened woman had not attracted a number of white men to the spot. They had the satisfaction of arresting the villain, who is now confined in the Springfield jail. Last accounts from there are to the effect that the prisoner is apprehensive of being forcibly taken out and lynched, but, as we learn, there is no disposition on the part of the citizens to anticipate the course of the law.—*Nashville Banner, 11th.*

THE Republican Governor of Alabama has vetoed the bill to take the election of Presidential electors out of the hands of the people, and his action is sustained by the honorable portion of his party in the Legislature. The veto created a great flutter among the Radicals, but finding that they could not pass the bill over the Governor's objections, a resolution was introduced and passed for the Legislature to take a recess until the 1st of November. In discussing the bill the Governor says:

"It cannot but be regarded as remarkable that the first Republican Legislature convened in Alabama shall, in the face of the principles of its organization, which every Republican professes to hold dear, deny not only to the colored, but the white man, the right, by his vote, to indicate his choice for President and Vice-President of the United States, and take the matter in its own hands. What excuse can there be for it? Is it mere party expediency? If so, then it is an abandonment of principles, or an acknowledgment that the material out of which the Republican party is composed cannot be trusted In other words, it is to say that the colored man will not do to be trusted."

ADAM had a great advantage, in one respect, over every other husband known on earth; his wife couldn't threaten to go and live with her mother.

A YOUNG Missourian, eulogizing his girl's beauty, said: "I'll be doggoned if she aint as purty as a red wagon."

AGENTS AND DEALERS IN

Albright, Reikes & Schmidt, Chickering & Son, Bradbury, Knabe & Son, Gale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years

BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.
